## LEGEND

The format of the calendar is as follows:

**Example:**

Date
Rating (total score)
Lucky times (score)

3-Feb
AWESOME (103)
3:36am(8) 6:18am(56)
10:40am(56) 10:43am(8)
12:43pm(56) 5:56pm(8)
9:22pm(56)

### Tips:

- 1) "Blank" days without a rating are likely "bad" or "blah." "Good" and "bad" luck can happen on the same day. This forecast shows your "good" times. "Bad" times can also happen, but will only occasionally outweigh the good.
- 2) Actively use your Lucky Times and make careful notes about the results. You will notice that the most Lucky Times occur **before** the time listed and seldom after. It is however possible that Lucky Times "trigger" later fortune. For Example; You meet a person or plan an activity that later produces good fortune.
- 3) Keeping detailed notes will help you connect the power rating of the Lucky Times to the reality you experience. Some of us have **VERY GOOD LUCK** and others have **good luck**. Keeping careful track will eventually teach you how to play and win. For VERY LUCKY people, a score of 8 may be good. For the rest of us, a score of 8 may not be very lucky at all.

### Trial Calendar Rules:

We expect you to keep good notes and report them at the end of the month. Your feedback helps us refine our process and recommendations. You may purchase additional calendars per the Terms and Conditions listed on the website. We reserve the right to change these terms at anytime.

### Purchasing Additional Calendars:

Your cost to purchase monthly calendars is based on our calculation of your potential to win. You will find your **Luck Score** Under your name on the first page. If your stars say you are unlucky at gambling and can only win "peanuts," then your price will be as low as \$9.95 a month. If your stars say you are incredibly LUCKY, with a "King Midas" touch for gambling, then your price will be as high as \$99.95 per month. No matter how lucky you are, **knowing when NOT to play** will justify your cost of the calendar!
